EDCare is one of the nation's foremost centers for the diagnosis and treatment of eating disorders. Our Colorado Springs center offers a gender-inclusive Evening Intensive Outpatient Program (EIOP) for adults (18+) and an Adolescent Intensive Outpatient Program (AIOP) for teens (14-17). We ensure every individual has the tools they need to achieve long-term eating disorder recovery by providing a multidisciplinary treatment team, evidence-based care, and individualized treatment plans. The journey forward begins here, call 719-578-5132 to schedule a free, confidential assessment or visit us online at www.eatingdisorder.care.
