

Domian Family Dentistry

Domian Family Dentistry:

Nestled in the heart of Brookside is Domian Family Dentistry, a general dentistry practice led by Dr. Allyson Domian. Patients of all ages can receive services such as routine exams, cleanings and fillings, as well as deep cleanings to treat periodontal disease, crowns, veneers, root canal procedures, implant restoration and dentures. Dr. Domian is fluent in Spanish and she is excited for the opportunity to care for you and your family! At Domian Family Dentistry, you're not just a patient. You're family!

Giveaways for the Weekend:

During the event weekend, we will raffle a complimentary new patient exam, x rays, and Opalescence Go whitening trays (one raffle on Saturday and a second raffle on Sunday). New patients will be responsible for the cost of their cleaning (traditional or deep cleaning depending on gum health).
